FOOD ALLERGY OPTIONS

****PLEASE ALERT YOUR SERVER IF ANYONE IN YOUR PARTY HAS ALLERGIES****

We have prepared the following list of menu items based on current information from our food suppliers and their stated absence of allergens within these items. Please be aware that during normal kitchen operations involving shared cooking equipment and preparation areas, which may or may not include common fryer oil, the possibility exists for cross-contact; therefore, food items (including garnishes) may come in contact with food allergen proteins. Additionally, fried food items and grilled food items could absorb food allergens during the cooking process. Therefore, we recommend that individuals with these allergies and intolerances avoid ALL fried foods, grilled foods and garnishes. Due to these circumstances, we are unable to guarantee that any menu item below can be COMPLETELY free of food allergens.

Please note that we do not have allergen information available for our alcoholic beverages. Alcohol labeling (governed by the Alcohol and Tobacco Tax & Trade Bureau) does not require alcohol suppliers to disclose allergen information on their labels. As a result, we cannot eliminate the potential of consuming allergens in our alcoholic beverages.
